

## **Open Space Committee**

### **Meeting Minutes**

**September 21, 2016**

In attendance: Paul Armond, Anthony Irving, Parker Lord, Steven Mattson, and Lucius Stark.

Meeting was called to order at 7:05 pm.

Two issues were reviewed and discussed:

1. Selden Landing – The potential to use interlocking concrete mats may alleviate the need for construction of a ramp and dock while still providing water access. The committee voted to request funds for schematic plans and further research of this material. The selectmen's representative will convey the funding request to the Board of Selectmen.
2. Johnston property – The committee discussed the advantages and disadvantages of the town acquiring this 252 acre parcel. The consensus was that the parcel is a valuable property and the town should move forward with negotiations with the owners to see if a price could be agreed upon.

Being no further business, the meeting was adjourned at 8:00 pm.
