We would like to thank the Burgess's for their continued hospitality for using their pool. Classes will be taught Diane Letendre a Certified instructor with the assistance of certified lifeguard Hunter Thornton.

Open to all children entering kindergarten and up. All swimmers should attend on Friday, June 23 sometime between 1:00 and 2:30 for level placement and class assignment. Since this activity is held at a private home, parents/guardians must remain on site to supervise their children.

Students and families are expected to leave promptly after their lesson in order to make each lesson run as smoothly as possible. Siblings will not be permitted to be in the pool after their lesson has ended. Our instructors will also need to stay on schedule because they have other commitments. Please be respectful to those giving up their time and home.
