

LYME OPEN SPACE COMMITTEE
MINUTES
For TUESDAY, AUGUST 27, 2019
7:00 P.M.
LYME TOWN HALL
LYME, CT

Present: Parker Lord --Chairman, Paul Armond, Windy Hill, Lucius Stark, and Ross Byrne

1. Lord called the meeting to order at 7:15pm.
2. A decision was made to send a letter to the Selectman to create 2 parking spots at Ely Ferry town landing. Those spots are expected to be made on the North side of the town property.
3. Further discussion on Selden Landing parcel commenced. Byrne showed aerial photos of the Selden cove area during an average low tide. The photos showed how little water is in the cove and that the useful time of a kayak launch may not be worth the expense and effort. Armond raised the issue of how the platform anchors will be placed and that cost. A decision was made to measure the water depth at 100 feet from the MHW line at the town property during an average tide to determine usable time as a kayak/canoe launch.
4. Lord announced that George Lombardino resigned from the committee for personal reasons.
5. Adjournment at 8:16 pm.
