SELECTMEN'S MINUTES
Monday, June 5, 2023

Present: John Kiker, David Lahm, and Kristina White.

The meeting was called to order at 4:00 P.M. and the minutes of the previous meeting were accepted.

There were no tax refund requests.

The Board of Selectmen along with the Town Engineer conducted a site visit to the area of Mitchell Hill Road where repairs and improvements are scheduled. The purpose of the site visit was to evaluate whether or not it would be possible to waive a portion of the Guide Rail requirements set out in the Code of the Town of Lyme, Sec. 272-5(D)(9). The ordinance allows, by a vote of the Board of Selectmen, a waiver of Guide Rails if the slope to be protected does not exceed 6-1. By use of topographical maps, plans and observation the Board determined that the slope exceeded 6-1 and therefore the section was not eligible for consideration of a waiver of the Guide Rail requirements.

The following individuals were reappointed to Boards or Commissions.
