Selectpeople's Minutes

Wednesday, July 21, 2025

Present: David Lahm, John Kiker and Kristina White.

The meeting was called to order at 4:00pm and the minutes of the previous meeting were accepted.

No tax refund request was approved.

The Finance Director is working on the year-end report and preparing for the audit in August. At the end of Q3 25 there was concern that General Government may exceed the budget by more than 20% which would have triggered reallocation by the Board of Finance. As of today, the General Government expenses were 92% of the budget. A complete wrap-up of the fiscal year will be presented to the Board of Finance at their August meeting.

POCD: the POCD subcommittee has finished the analysis of the raw data and is now drafting the report. The subcommittee is on track to present the Planning & Zoning Commission a draft for their review and approval by December 31st.

Selectman Lahm stated that, according to the previous agreement, the Town would continue to provide police support for the Fair for one additional year.

Hydrilla: Selectman Lahm briefed the Board on the ongoing Hydrilla eradication program in Hamburg Cove. The permitting process is through the DEEP. Currently four private individuals and the Army Corps of Engineers are in the process of applying for a permit to use herbicides to eradicate hydrilla. At this time the DEEP has not issued any permits. The Corps of Engineers is planning to do a dye study in the Cove this year with treatment in 2026. Selectman Lahm has requested that the DEEP consider the totality of the effects of five permits in the Cove and deconflict the projects.

Old Business - None

New Business - None

There being no further business before the Board, the adjournment was at 4:26.

Respectfully submitted,

David M. Lahm
For the Board of Selectpeople
