Site Walk, Meeting and Work
Jewett Preserve
MacIntosh Rd
Lyme CT 06371

AUGUST 8, 2026
9:00 to 11:00 am

Join the **Invasive Plant Work Group** led by volunteer Jim Natale for a tour of invasive plant management that occurred in Fall 2025 at Jewett and Pleasant Valley Preserves. Depending on how large our group is we can start cutting, pulling and/or digging out invasives in the meadows and the surrounding woods. This will be a day to get to know fellow members, discuss plans for the fall and the greater future of the group. Super excited to begin/meet/see ya'll!

What to bring: Water, work gloves.
Optional: shovel, loppers, handsaw, pruners, chainsaw or hedge trimmer.

Jim Natale is owner of Wilder Gardens, LLC, whose mission is to establish a regional community, the Invasive Plant Work Group, to restore native habitat throughout the region.

The work here benefits the Town of Lyme, Lyme Land Trust and The Nature Cosenavacy who manage the preserves.
